

Chemistry CPD for teachers

Chemistry CPD for teachers
is a series of 10 sessions
designed to help you
develop your chemistry
knowledge and skills
to improve your
teaching practice.

The sessions are
designed to be
flexible and can be
delivered in a variety
of ways. They can be
delivered as a series
of 10 sessions or
as a single session.

Developing Expertise in Teaching: a series of short, practical work of 2esing

Chemistry for Non-Specialists (4-day course)

29 January, 30 January, 19 March and 12 May 2015

A four-day course designed to provide teachers with the confidence, air and enthusiasm to teach chemistry at KS3 or KS4. It is specifically aimed at those who are not chemistry specialists.

The first two days take place on consecutive dates and are followed by one-day events some weeks later to allow teachers to reflect and practise the skills and learning gained. About 50% of the course is practical-based. You will take away an extensive booklet of support materials.

Developing Expertise in Practical Chemistry – for Newly and Recently Qualified Chemistry Teachers

4 November 2014 or 25 February 2015 or 14 July 2015

A one-day course aimed at supporting newly and recently qualified chemistry teachers of 11-18 year olds. You will try out and evaluate a variety of practical activities and demonstrations to improve your confidence and expertise. We will introduce relevant health and safety aspects and integrate them throughout the course.
